Part I of the SY 2009-10 CSPR is Now Open for Data Corrections

Part I of the SY 2009-10 CSPR reopened for data corrections on Monday, February 28. If your state has submitted data in ESS since Part I closed in December that should be included in recertification, a managing user needs to create a new version of the CSPR. After the nightly pre-fill refresh, the results of the ESS resubmissions will be populated in your state's CSPR.

So if data corrections are necessary for your state, please make sure you create a new version soon to allow time for the nightly refresh.

Part I will close permanently on Wednesday, March 16 at 5:00 PM EDT. Files to pre-fill the CSPR must be submitted by 5:00 PM EDT the previous day, March 15.

EDFacts Calendar Updated for March

Please note that an updated version of the *EDFacts* Calendar has been posted to www.ed.gov/edfacts. Changes from the previous version of the calendar are denoted with NEW! or REVISED! indicators.

New! Data Quality Reports Released in ERS

Additional data groups will be available in the the Data Quality Report within the *EDFacts* Reporting System (ERS) on Friday, 3/04/2011. These ERS Data Quality Reports provide states the ability to compare data between the SEA, LEA, and SCH levels. When released, these reports will be available as new data groups under "Data Quality Reports Cover" located within **Public Reports > State Performance Reports > EDFacts Data Collection.**

The new data groups will help states evaluate data that is due in the next two months. These data groups include:

DG565: Free and Reduced Price Lunch Table
DG123: LEP Students in LEP Program Table
DG39: Membership Tables
DG596: Students involved with Firearms Tables (found for 2009-2010)

Reminder: EDFacts Workbook for SY 2010-11 Available

The *EDFacts* Workbook for SY 2010-11 is released and posted on www.ed.gov/edfacts. This document has been updated so that states can use it as a reference guide for using ESS version 7.0 to submit data for SY 2010-11.

Average File Processing Time: 9 minutes, 30 seconds

Support Issues, Solutions, and Metrics

The following is provided to give you some insight into issues being handled by your Partner Support Center (PSC):

New Issues Affecting Multiple SEAs

1. ESS: A state user contacted PSC to ask when the file specification for N/X161, High School Graduates Postsecondary Credits Earned, will be released. The file is listed in the *EDFacts* Calendar as being due in February of 2012. The state does not currently collect this information and wants to be ready to do so for SY 2010-11. Status: ED confirmed that we do not have a firm release date for this file, but we expect that it will be ready to post next month (April/2011). As we have updated information, we will include it in a future PSC email update.
2. ESS: Four states are reporting instances of Rule ID S052-R61. The error message in the system is: "Membership file includes a non-zero student count while Classroom Teachers (FTE) (N/X129) is zero or has not been submitted.", but the error message in the latest BRG reads: "Membership file includes a non-zero student count while Classroom Teachers (FTE) (N/X059) is zero or has not been submitted.". One state has submitted N/X059 with data for at least five of the schools generating the error so it would appear that the problem is not just a faulty message, but that the system is still looking to compare this error to N/X129. The appropriate DG is no longer there, it is now in N/X059. Status: Escalated to the development team for resolution.
3. EMAPS: A state recently submitted the SY 2010-11 SCH level file 002, Children with Disabilities (IDEA) School Age, to ESS however, EMAPS SSP is showing the SCH level file as "Not Collected." File 002 is collected at all 3 levels (SEA, LEA, SCH) as stated in the N002 file spec. Status: Escalated to the development team for resolution.

New or Updated Knowledgebase Articles

1. TIP0062 Submitting supervisory unions and member agencies in the LEA-level directory
2. TIP0063 Updating CSPR with data submitted to ESS after the initial CSPR Part I or Part II closing date
3. TIP0064 Can migrant student counts be changed after CSPR Part I is closed
4. Solution 165012 EMAPS shows files submitted to ESS with status indicator No Data in ESS

Average Time to Resolution (excluding weekends, 6 week rolling average)

Tickets requiring escalation:	9.48 days
Tickets not requiring escalation:	0.70 days
Response time to e-mail inquiries:	0.10 hours
